

Dear Parents and Carers,

Next half term our exciting topic is called Sunshine and Sunflowers. It's packed full of fun learning and just like our Dinosaurs topic was amazing, we can't wait to start teaching this one either! From exploring the butterfly life cycle first hand, to forest school, to planning and developing our own growing garden, we are going to be very busy bees.

We are **asking for any donations** at all of these resources that you may have at home in a corner of your shed or garage that you don't need any more:

Gardening tools – fork, trowel, spade, gloves.

Gardening planting equipment – flower pots or planters (any size), bags of compost, seeds, watering cans, wheelbarrow, even a hose with a tap fitting!

Any old and unwanted wellington boots that we can plant flowers in!

If you do have anything you could donate to us, or a friend or grandparent who might have something hidden away in their shed, please email adivall@brady.havering.sch.uk to let us know so that we can plan for any purchases we may need to make.

With warmest regards (and hopefully some nice warm sunshine soon too!)

Mrs Divall, Mrs Degun and Mrs Zaayman ☺
