

Maths

This term we will be looking at properties of shape:

- Measuring using a protractor
- Drawing lines and angles accurately
- Calculating angles
- Drawing shapes accurately
- Drawing and identifying nets of 3D shapes

We will also be completing our unit on statistics

- Read and interpret graphs
- Draw line graphs and use them to solve problems
- Read and interpret pie charts
- Calculate the mean

R.E

- In RE this term we will be looking at “What do religions say to us when life gets hard?” In this unit we will be researching how certain religions view life after death including the Sikh belief of reincarnation

Dates to remember

- 09.05.22 – 12.05.22 SATs week

Literacy

This term we will start by continuing our work on narratives and will use a short clip to help us create atmosphere and description in our writing.

We will also start our new class text “Darwin’s Dragons” and we will be using information from this text to write biographies.

We will be revising our use of time conjunctions, semi colons and adventurous vocabulary and including these in our writing.

Topic

- In Art we will be using our observational skills to draw different objects.
- In Science we will be looking at the theory of evolution and how we inherit characteristics from our parents.
- In Geography we will be looking at maps to plan routes.
- In History we will be learning about the discoveries of Mary Anning and Charles Darwin.
- In computing we will be using a range of programs to research information.
